

COMMENCEMENT | SPRING 2026

Georgia Institute of Technology
Spring Commencement

MAY 7 - 9, 2026

President's Welcome

Welcome to the 270th Commencement of the Georgia Institute of Technology, and congratulations to the Class of 2026!

At our Spring 2026 ceremonies, we are conferring 7,129 degrees to graduates — 3,128 bachelor's degrees, 3,775 master's degrees, and 226 doctorates. By the end of these festivities, this outstanding group of Yellow Jackets will join more than 227,000 Georgia Tech alumni around the globe.

These extraordinary students have worked diligently to earn a degree from one of the world's top research universities. Today, we celebrate their commitment to leadership and scholarship, to each other, and to their community.

Georgia Tech exists to develop leaders who advance technology and improve the human condition. The Institute's importance and reach — the value we bring to the world — is created by the change-makers and innovators graduating today. Each of our unique graduates has been empowered to use their gifts and expertise to make a distinct mark on the world, and we look forward to seeing their impact on their communities.

We also honor the families and friends of these graduates. To those who have inspired, guided, and challenged these fine scholars on their way to Commencement, thank you for your encouragement and support.

Since our first graduating classes at the turn of the 19th century, generations of Yellow Jackets have consistently proven themselves to be some of the world's finest leaders and problem-solvers. The Class of 2026 is no different, and I am confident we'll be celebrating these new Georgia Tech alumni for years to come.

Congratulations, Class of 2026, and Go Jackets!

A handwritten signature in black ink, reading "Ángel Cabrera". The signature is written in a cursive style with a long horizontal line extending to the right.

CONGRATULATIONS!

Welcome to the Georgia Tech Alumni Association

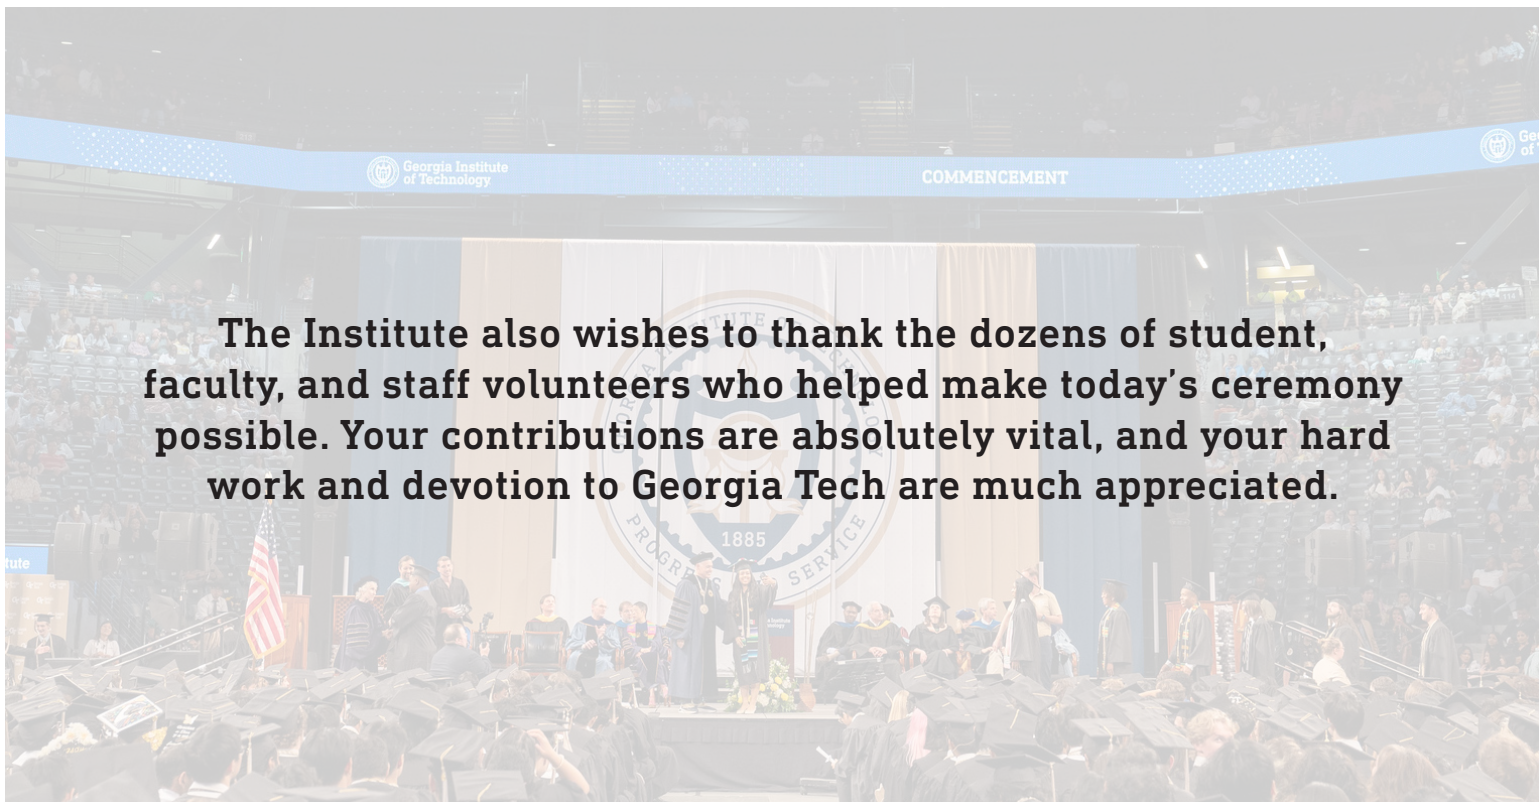

Rita Breen
PSY 1990, M.S. IE 1992

Congratulations!

As you boldly change the world, know that the skills you've gained at Georgia Tech and the connections and community of the Alumni Association will last a lifetime. We stand in proud support of you, and we invite you to stand next to each other in proud support of Georgia Tech. No matter where you go, your network of more than 227,000 alumni is with you.

Gather at local events and online at Georgia Tech Connect – connect.gtalumni.org. Grow with career development opportunities and our alumni travel program. Give back through volunteer leadership and pave the way for future Yellow Jackets and the legacy of the Institute with Roll Call, Georgia Tech's Fund for Excellence.

Go Forth and Be Bold!

The Institute also wishes to thank the dozens of student, faculty, and staff volunteers who helped make today's ceremony possible. Your contributions are absolutely vital, and your hard work and devotion to Georgia Tech are much appreciated.

THE ALMA MATER

Oh, sons of Tech, arise, behold!
The Banner as it reigns supreme,
For from on high the White and Gold
Waves in its triumphant gleam.
The spirit of the cheering throng
Resounds with joy revealing
A brotherhood in praise and song,
In memory of the days gone by.
Oh Scion of the Southland!
In our hearts you shall forever fly.
We cherish thoughts so dear for thee,
Oh, Alma Mater in our prayer.
We plead for you in victory,
And in the victory we share!
But when the battle seems in vain
Our spirits never falter,
We're ever one in joy or pain
And our union is a lasting bond.
Oh! May we be united
Till the victory of life is won.

RAMBLIN' WRECK

I'm a Ramblin' Wreck from Georgia Tech, and a hell of an engineer
A helluva, helluva, helluva, helluva, hell of an engineer.
Like all the jolly good fellows, I drink my whiskey clear.
I'm a Ramblin' Wreck from Georgia Tech, and a hell of an engineer.

Oh! If I had a daughter, sir, I'd dress her in white and gold,
And put her on the campus to cheer the brave and bold.
But if I had a son, sir, I'll tell you what he'd do—
He would yell "To Hell with Georgia" like his daddy used to do.

Oh! I wish I had a barrel of rum and sugar three thousand pounds,
A college bell to put it in and a clapper to stir it 'round.
I'd drink to all good fellows who come from far and near.
I'm a ramblin', gamblin', hell of an engineer.
